

Dear Friends,

Just a quick one for your praying support:

The country is in some disarray, as you will have heard. Not unsafe, if one keeps out of demonstrations, but unsettled in the sense that office work has ground to a halt. If you could pray for my visa. We have all groundwork in place for me to get business visa, but now offices and transport are closed -- and one week before present visa expires! Thanks for help.

Yours,

Mark
