Week one, day two of You Can't Do That at Camp Swim time. has been a very popular activity so far this week as the temperatures hover in the 90s. We're having a great time and really do wish you were here. The opportunity I have to spend these two weeks with a lot of wonderful people has been enhanced this year — my granddaughter Morgen is among the kids at Campolodeon this week! Our Communications Club is in full swing and the first issue of the Camper newsletter will be distributed this evening. We're also working on a great video! More tomorrow.
